

Hunter Engineering  
Attn: Richard Maguire III

Dear Richard,  
I had to take an opportunity to thank you  
for convincing me to purchase a Smart Weight  
Program for my Hunter Road Force balancer.  
You told me about the potential savings on wheel  
weights and I was somewhat skeptical.  
I the past 3 months I have saved 1,400 ounces or  
37.3%. My total for all 4 locations is over 5,000  
ounces of weights.  
Thank you Thank you Thank you.

Best regards,

Barry Steinberg
